Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. Services, including Automatic Crash Notification and Emergency Call, require an active subscription, and are dependent upon the telematics device being in an operative condition, its ability to connect to a wireless network, compatible wireless network availability, navigation map data, and GPS satellite signal receptions, the absence of which can limit or prevent the ability to reach Infiniti InTouch Services Customer Care or receive support. Services require compatible 3G GSM/GPRS cellular network provided by AT&T. 3G cellular network not available in all areas and/or available at all times. Cellular technology is evolving, and changes to cellular networks provided by independent companies are not within Infiniti's or Sirius XM Connected Vehicle Services Inc's control. Certain vehicle services, including Google® compatible services, provided by independent companies are not within Infiniti's or SiriusXM's control and are subject to change without notice or liability to Infiniti, its affiliates and agents or SiriusXM. Like other devices that rely on network coverage, once the network service is discontinued, Infiniti InTouch services will not function without equipment replacements, upgrades, or alternative network coverage, which neither Infiniti nor Sirius XM can guarantee. Infiniti and Sirius XM are not responsible for associated costs that may be required for continued operation due to cellular network shutdown or discontinuation (including equipment upgrades, if available, or roaming charges on alternative networks). Trial Periods, unless otherwise specified: Six (6) month trial subscription begins on your date of purchase or lease of your new Infiniti.
